

Grade Seven – Summer Reading 2011

Dear Future Seventh Grade,

Summer is such a wonderful time to relax, play, and have fun with your friends. It can also be a great time to read a good book. This summer, I would like you to read The Red Kayak by Priscilla Cummings. In a marble notebook, keep a list of characters with brief descriptions. Also, write a summary of the book **for every four chapters** read. Be sure to title the top of the page with the chapters on which you are writing. Bring your journal to school on the first day. You can expect a test on this book. You will also be required to take an Accelerated Reader test. The earned points will go towards the twenty points you will need to earn in trimester one.

This book takes place on the Corsica River which feeds into the Chesapeake Bay. Keep this in mind as you travel this summer. Maybe you will visit this river.

Happy Reading,
Mrs. Thomas
